

Collecting Coinsurance

just became profitable *and* hassle-free

With high deductible insurance plans on the rise, patients are experiencing increased out of pocket cost when they need a surgery. As a result, patients want flexible payment terms to avoid postponing treatment.

MedDraft gives medical providers and patients a mutually beneficial, easy to use, low cost pay-plan management system.

No more

- ✓ Embarrassing credit denials
- ✓ Expensive loan fees
- ✓ Exhaustive collection work

MedDraftTM
PAY PLAN MANAGEMENT SERVICE

ACCEPTANCE

\$0
COST TO
PATIENTS

- ✓ NO CREDIT
- ✓ NO INTEREST
- ✓ NO FEES

MedDraft accepts every patient, regardless of credit worthiness, eliminating embarrassing credit denials at the front desk. We are not a funding company and we never charge your patients fees or interest.

SAVE
TIME

ONGOING BILLING SUPPORT

MedDraft provides premier call center support and online bill presentment for your patients to discuss balances and payment arrangements. This reduces the volume of inbound inquiries and allows your team to focus on high dollar collections.

Low Cost
Solution

PAY AS YOU GO

Our unique pay as you go service allows you to collect your coinsurance and deductibles without any fees or commitment. MedDraft does not charge processing fees, and charges only a contingency fee. This means we only get paid when you do.

HOW IT WORKS

1. ESTIMATE THE OUT OF POCKET COST
Present your patient with his or her out of pocket cost as estimated by insurance verification
2. NEGOTIATE THE PAYMENT PLAN
Set up a payment contract based on a mutually agreed upon payment amount with the patient
3. SEND THE PAYMENT PLAN TO MEDDRAFT
Easily submit plans through our secure FTP website.
4. ADJUST THE BALANCE IF NECESSARY AFTER INSURANCE PAYS
Use our robust online tools to adjust , cancel or view your auto draft plans at any time.

MedDraft fully automates your payment plans by auto debiting from any major credit card or checking account and remitting those payments to you directly.

Contact us today to see how MedDraft can help you!
